Explanatory Data Notes:

* BankruptcyData.com defines publicly-traded as those companies with common stock and/or bonds that are publicly-traded on U.S. markets.

** Asset figures are pre-petition (in \$mils) and taken from each debtor's most recent Annual Report filed with the Securities and Exchange Commission (SEC) when available.

Disclaimer: BankruptcyData.com collects its information from the U.S. Bankruptcy Court, SEC and FDIC. Although all sources are believed to be reliable, accuracy cannot be guaranteed. New Generation Research thoroughly analyzed and audited all bankruptcy figures and statistics; however, certain details may require adjustment pending untimely SEC reporting and/or delayed U.S. Bankruptcy Court docketing.

BankruptcyData.com, a division of New Generation Research, Inc., provide news, retention data, financial history, creditor information, reorganization plan summaries and more for publicly-traded companies that have filed for bankruptcy protection since 1980. Its extensive databases can be searched by assets, industry, filing date and company name.
